EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which apply in relation to England only, apply where the Secretary of State is authorised to recover costs arising in connection with an independent examination under section 15D, section 15H(3)(b) or section 15HA(6)(a) of the Planning and Compulsory Purchase Act 2004 (c. 5) (“the 2004 Act”).

Regulation 3 revokes the Town and Country Planning (Costs of Independent Examinations) (Standard Daily Amount) (England) Regulations 2006 (S.I. 2006/3227) (“the 2006 Regulations”), which set a fixed daily fee that local planning authorities in England pay to cover the cost of independent examinations of development plan documents under Part 2 of the 2004 Act.

Regulation 4 saves the 2006 Regulations for the purposes of a saved examination under Part 2 of the 2004 Act, as saved in accordance with the Levelling-up and Regeneration Act 2023 (Commencement No. 11 and Saving and Transitional Provisions) Regulations 2026 (S.I. 2026/169).

Regulation 5 specifies a standard daily amount which may be charged by a person appointed to hold a specified examination under the provisions of Part 2 of the 2004 Act, as amended by the Levelling-up and Regeneration Act 2023 (c. 55), for each day on which that person is engaged in the holding of, or work connected with, that examination. The amount is £993 per day. Where part of a day is worked, an appropriate proportion may be charged. This regulation applies to specified examinations of both local plans and documents which are to be or form part of minerals and waste plans.

Regulation 6 makes provision for remuneration to be payable to a person appointed to provide observations and advice under section 15CA(3) of the 2004 Act in relation to a proposed local plan, or in relation to a proposed document which is to be or form part of a minerals and waste plan. (Section 15CA(3) is applied in relation to a minerals and waste plan by section 15CB(8) of the 2004 Act, and its application in relation to a minerals and waste plan has been modified by the Planning and Compulsory Purchase Act 2004 (Local Planning) (Modification and Consequential Amendments) (England) Regulations 2026 (S.I. 2026/170)). The maximum remuneration is £993 for each day that a person is engaged in providing observations or advice in relation to a proposed local plan or a proposed document which is to be or form part of a minerals and waste plan, or an appropriate proportion of the daily amount where a full day has not been engaged. An allowance is also payable where costs are incurred on travel and subsistence in connection with the provision of observations and advice under section 15CA(3) of the 2004 Act.
