Chapter 3

Publication of information about persons included in the barred list

Information to be published

9.—(1) [This regulation](#) applies in relation to a person (“P”) who is included in the Civil Nuclear Constabulary barred list under [paragraph 2\(2\)](#) of Schedule 25 (inclusion of constables) where—

- (a) in the case of inclusion in the barred list under [paragraph 2\(2\)\(a\)](#) of Schedule 25, P was dismissed at proceedings under provision made by the Authority relating to matters which are the subject of the Police (Conduct) Regulations 2020;
- (b) in the case of inclusion in the barred list under [paragraph 2\(2\)\(b\)](#) of Schedule 25, the finding by virtue of which P was included in the list was made at proceedings under provision made by the Authority relating to matters which are the subject of the Police (Conduct) Regulations 2020.

(2) Subject to [paragraph \(4\)](#), the Authority must publish, in relation to P, the information mentioned in [regulation 4\(1\)\(a\), \(c\), \(d\)\(i\), \(e\)\(i\), \(h\) and \(i\)](#) (“the specified information”).

(3) The information published under [paragraph \(2\)](#) must—

- (d) cease to be published by the Authority at the end of that period.

(4) But the Authority must not publish any of the specified information in relation to P if to publish some or all of that information—

- (a) would be against the interests of national security,
- (b) might prejudice the investigation or prosecution of a criminal offence or any civil proceedings, or
- (c) would result in a significant risk of harm to any person (including P).

(5) In determining whether [paragraph \(4\)](#) applies, the Authority must have regard to the extent to which (and manner in which) any of the specified information in relation to P has already been made available to the public.

(6) If, after the Authority determines that it must not publish any of the specified information under paragraph (4), it becomes aware that the circumstances which led to that conclusion no longer apply, the Authority must publish the specified information under paragraph (2).

Review of publication

10.—(1) This regulation applies where the specified information in relation to a person (“P”) who is included in the Civil Nuclear Constabulary barred list is published by the Authority under regulation 9.

(2) The Authority must consider any matter which comes to its attention (including by way of representations made in a written statement under provision equivalent to rule 26(7) of the Police Appeals Tribunals Rules 2020⁽⁹⁾) which may be relevant to the question of whether the continued publication of some or all of the specified information in relation to P—

- (a) is against the interests of national security,
- (b) might prejudice the investigation or prosecution of a criminal offence or any civil proceedings, or
- (c) is resulting in a significant risk of harm to any person (including P).

(3) If the Authority determines that continuing to publish some or all of the specified information in relation to P has any of the effects mentioned in paragraph (2), the Authority must cease to publish all of the specified information in relation to P.

(4) Where the Authority is required to cease publishing the specified information under paragraph (3), it must do so before the end of the period of five working days beginning with the day on which it makes the determination under that paragraph.

(5) If, after the Authority has ceased publishing the specified information under paragraph (3), it becomes aware that the circumstances which led to that determination no longer apply, the Authority must republish the specified information for the remainder of the required period.

(6) If the Authority determines that continuing to publish the specified information would not have the effects described in paragraph (2) in a particular case, the Authority is not required to review that determination if there has been no material change in the circumstances which led to that determination.

(7) If the Authority removes a person from the Civil Nuclear Constabulary barred list, the Authority must cease to publish all of the specified information in relation to P.

(8) In this regulation—

“required period” means the period for which the Authority is required to publish the specified information under regulation 9(3)(c), ending no later than the end of the period of five years beginning with the day on which the information was first published by the Authority;

“specified information” has the meaning given in regulation 9(2).

EXPLANATORY NOTE

(This note is not part of the Regulations)

Schedule 25 to the Crime and Policing Act 2026 (c. 20) (Special police forces: barred person lists and advisory lists) requires the Civil Nuclear Police Authority (“the Authority”) to maintain a “barred persons list” and an “advisory list” (as defined in paragraph 14 of that Schedule). These Regulations make provision relating to the operation of those lists.

Part 2 (Former civilian employees: relevant proceedings) defines the term “disciplinary proceedings” (regulation 2) in relation to civilian employees of the Authority, for purposes of the use of that term in Schedule 25 (and, as a consequence, these Regulations) and identifies what constitute “appeal proceedings” (regulation 3) for purposes of paragraph 5(1)(b) of Schedule 25 (removal of civilian employees from barred list).

Part 3 (Civil Nuclear Constabulary barred list) specifies the information the Authority must include in the Civil Nuclear Constabulary barred list (regulation 4), makes provision for additional circumstances in which the Authority must remove persons from the barred list (regulations 5 to 8) and makes provision about the information the Authority must publish about persons in the list (regulations 9 and 10).

Part 4 of the Regulations (Civil Nuclear Constabulary advisory list) specifies the information the Authority must include in the Civil Nuclear Constabulary advisory list (regulation 11) and makes provision for additional circumstances in which the Authority must remove persons from the advisory list (regulations 12 to 14).

A full impact assessment has not been produced for these Regulations as no, or no significant, impact on the private, voluntary or public sector is foreseen.
